## Refer a Friend

Travis - 2022-06-20 - Account Email and More

PIA offers the ability for existing users to refer a friend to join PIA. Users can access this feature when signed into the [Client Control Panel \(CCP\)](#).

The screenshot shows a login interface with a light gray background. At the top, it says "Log in to your PIA account". Below this are two input fields: "Your username" and "Your password". Under the password field is a green "Log In" button. At the bottom, there is a link that says "Forgot password?".

Once signed into the CCP, located at the bottom of the Subscription Overview section, users will see the Refer a Friend option.

**Private Internet ACCESS**

**TOTAL INVITES SENT** 0

**TOTAL REWARDED** 0

**FREE DAYS ACQUIRED** 0

You currently don't have any invites sent. Send an invite above to receive 30 days free!

Please note, for privacy reasons, all invites older than 30 days will be deleted.

On the Refer a Friend dashboard, users will see a few things. The first thing will be the invite option where they can insert the invited user's name (optional), their email address, and a button to send the invite.

Each user will also have a unique referral link that can be shared anonymously or through social media.

Next to the referral link, users can also track the total invites sent, the total converted invites (rewarded), and the number of free days acquired.

Once an invite has been accepted, if the newly invited customer retains their account for the first 30 days, both the one inviting and the invitee will receive the free 30 days.
