[Resolved] QIWI and Ideal Payment Methods

2022-09-01 - Devin S - Announcements

We are currently experiencing issues with our QIWI and Ideal payment methods. Unfortunately, they are temporarily unavailable as our team works to address this matter. While these options are down, we advise users to use an alternative payment method. If you were effected by this, we apologize for the inconvenience this may cause, and hope to have this as an available option soon.
