[Resolved] Server Maintenance - August 29th

2022-08-29 - - Announcements

Our **Albania** server location is currently running on limited capacity due to issues occurring within the data center. While this is being addressed, if you run into decreased speeds or issues connecting, we recommend connecting to an alternative server location at this time.

If you have any questions or concerns, please feel free to reach out to us by submitting a [support ticket](#) or by taking advantage of our [24/7 Live Chat support](#). We apologize for any inconveniences this may have caused you and hope to have this sorted out swiftly!
