2022-08-24 - Devin S - Announcements

Earlier today, around 1:30 am MST, we experienced issues with our **Sweden Streaming Optimized** server location causing this option to be temporarily unavailable. Our team was able to swiftly address this matter and get the server back online for our users!

If you have any questions or concerns, please feel free to reach out to us by submitting a [support ticket](#) or by taking advantage of our [24/7 Live Chat support](#). We apologize for any inconveniences this may have caused you and hope you have a great rest of your day!
