[RESOLVED] Server Outage - February 21st

2022-02-21 - - Announcements

We are currently experiencing an outage in our **Israel** server location. While we do not have an ETA for when this will be sorted out, we are advising users to use an alternative server location while this outage is being addressed.

If you have any questions regarding this matter, or if you need any assistance with your VPN client, please feel free to reach out to our support team through our [Helpdesk](#). We apologize for any inconvenience this may cause, but we greatly appreciate your patience while we sort this out.
