[Resolved] Server Outage - September 7th

2022-09-07 - Devin S - Announcements

At this time, our server provider for our **India** server location is facing network issues resulting in the location being temporarily unavailable. Unfortunately, we do not have an ETA for when this will be resolved, but we are working to have this as an available option.

If you have any questions or concerns, please feel free to reach out to us by submitting a [support ticket](#) or by taking advantage of our [24/7 Live Chat support](#). We apologize for any inconveniences this may have caused you and hope you have a great rest of your day!
