[Resolved] Server Outage - April 29th

2022-04-29 - Devin S - Announcements

We are currently experiencing a temporary server outage at the following locations: **Bulgaria, North Macedonia, Ukraine, and Romania**. While our team is working diligently to get these server locations back online, we do not have an ETA for when this will be resolved. We apologize for the inconvenience this may cause, but we hope to have this outage addressed in the near future.

If you have any questions or concerns regarding the VPN or the services we provide, you can get in touch with us at any time using our [24/7 Live Chat Support](#) or our [Email Ticketing](#) option through our Helpdesk. We appreciate your patience as we address this matter.
