2022-08-03 - Devin S - Announcements

Earlier today, our data center in Iceland experienced an outage, resulting in the users inability to access our Iceland server location. While our team is actively addressing this matter, we do not have an ETA for when this location will be available again. If you are impacted by this server outage, we sincerely apologize for the inconvenience.

If you have any questions or concerns, please feel free to reach out to us by submitting a [support ticket](#) or by taking advantage of our [24/7 Live Chat support](#). We appreciate you being a part of PIA and hope you have a great rest of your day!
